

# Capabilities Statement

## CORE COMPETENCIES

[www.trainace.com](http://www.trainace.com)

TrainACE is a high-quality IT & Cybersecurity training school offering a wide range of industry certification and custom training programs. Our programs teach the knowledge, skills and abilities required of employees of the Federal Government, Department of Defense, and Government Contractors. These KSA's are taught via our regular instructor-led classes (delivered in person and live-online), as well as through custom training programs tailored to specific agency or unit needs. Our training can be delivered anywhere in the world in any format.

Our core competencies are:

- IT training from beginner to advanced, delivered in person or virtually, or hybrid
- On-site and off-site instructor-led training
- Custom program creation tailored to an organizations unique needs
- DOD 8140 approved KSA training including but not limited to Security+, CEH, CISSP, CHFI, CISM, CRISC certification classes
- Highly-qualified, highly-regarded instructors with extensive industry experience
- Customized Cyber Security Assessment, Pentesting, and Compliance & Risk Management programs
- PearsonVUE Testing Center, open weekdays and Saturdays
- CompTIA Platinum and EC-Council training partner

**Phone: 1-301-220-2802**

**Address: 7833 Walker Drive, # 520,  
Greenbelt, MD 20770**

## PAST PERFORMANCE

Since it's founding in 2001, TrainACE has provided high-quality IT training, at all levels, to thousands of individuals employed by the Federal Government, US Military, and Government Contractors. These included group training programs organized through the various agencies and units, as well as individuals attending class with us. These are a small sample of recent contracts we've successfully completed:

Delivered training to 200+ ONI, as their preferred IT training partner.

Delivered training to 300+ students to CSRA, as their preferred IT training partner.

January 2023, we completed a remote instructor-led Security+ training for 18 Space Force personnel in Schriever SFB, CO.

May 2022, we provided onsite CCNA instructor-led training for NAS Sicily for ten students and a ten-student PMP class

March 2023 and 2022, we completed a CompTIA CASP+ training for 36 students for Tinker AFB. Tinker AFB has since exercised the option for two additional classes in 2023.

## REGULARLY SCHEDULED CLASSES INCLUDE BUT NOT LIMITED TO:

• **CompTIA:** A+, Network+, Security+, CASP+, CySA+, Pentest+, Linux+, Cloud+ • **EC-Council:** CEH, CEH, CHFI, CISO, ECES, ECIH, CPENT, CTIA, CCSE, CCT • **Cisco:** CCNA, CCNP, SDAOTS, SDWOTS • **Microsoft:** Azure, Windows 10, Power-BI • **Federal Risk Management Framework (RMF)** • **(ISC)²:** CAP, CISSP, CCSP • **ISACA:** CISM • **AWS:** Tech Essentials, Architecting, Developing, SysOps, DevOps • **PMI:** PMP, CAPM
