

## CORE COMPETENCIES

TrainACE delivers high-quality IT and Cybersecurity training to Federal Government employees, Department of Defense personnel, and Government Contractors. We teach the Knowledge, Skills, and Abilities (KSAs) required for mission success through instructor-led classes (in-person and live-online) and custom programs tailored to agency needs. Our training deploys worldwide in any format.

### Core Capabilities:

- IT training from beginner to advanced – delivered in-person, virtually, or hybrid
- On-site and off-site instructor-led training with 24-48 hour deployment capability
- Custom program creation tailored to organization-specific requirements
- DoD 8140 approved KSA training: Security+, CEH, CISSP, CHFI, CISM, CRISC, and more
- Expert instructors with 15+ years industry experience and active security clearances
- PearsonVUE Testing Center (open weekdays and Saturdays)
- CompTIA Platinum Partner and EC-Council Accredited Training Center
